

# EURON Token Policy

Version 1.0

## Issuer

Artrium Ventures LLC

## Token Name

EURON

## Token Type

Community Value Token

## Blockchain

Solana

## Purpose

EURON serves as a cooperation infrastructure token designed to facilitate participation, value exchange and ecosystem development.

## Initial Reference Value

The founding issuer may establish an initial reference value to support early ecosystem adoption and cooperation.

## Treasury

Treasury allocations are managed by the founding issuer to support ecosystem growth, partnerships, infrastructure development and community initiatives.

## Utility

EURON may be used within participating communities and partner organizations for:

- ecosystem participation,
- project support,
- local services,
- volunteer recognition,

- educational initiatives,
- energy community initiatives,
- future ecosystem services.

## **Governance**

The EURON ecosystem is expected to evolve toward increasing community participation and decentralized decision-making over time.

## **Amendments**

This Token Policy may be updated as the ecosystem develops.
